SUMMARY

I'm Prabesh, a passionate Web Developer with a deep love for web designing. With a keen eye for detail and a dedication to excellence, I've been on an exciting journey to become a successful web developer. My focus is to transform ideas into functional and user-friendly websites, blending technical precision with creative innovation. I'm dedicated to turning complex concepts into elegant solutions that cater to both users and clients.

Innovative and deadline-driven Graphic Designer with **3+ years** of experience designing and developing user-centered digital/print marketing material from initial concept to final, polished deliverable.

ACHIEVEMENTS

- Backend - Skillful

EDUCATION

Bachelors in Information Technology

Gandaki University / Pokhara / September, 2023 - Present

A Bachelor's degree in Information Technology (IT) is an undergraduate program that focuses on the study of computer technology, information systems, and the management of data and technology resources. It is a popular choice for individuals interested in pursuing a career in the IT field, as it provides a strong foundation in both technical and business aspects of information technology.

+2

Brahma Rupa Secondary School / Pokhara / April, 2021 - May, 2023

Proficiency in programming is crucial for computer engineering students. Learn multiple programming languages such as C, C++, Java, C#, and assembly languages to develop software applications and interface with hardware components.
